

Signalling | Strategic and Transportation | Software | Manufacturing

JOURNEY WITH US TO AN EXCITING FUTURE

About TSTS

TVM Signalling and Transportation Systems Private Limited (TSTS) is a group company of Kyosan Electric Manufacturing Company Ltd., Japan. TSTS provides innovative and cost-effective engineering solutions for Metro, Mono, Freight, Urban and Mainline transportation needs around the globe.

We can extend a Concept to Commissioning solutions for Rail Transportation with expertise in Consultancy, Design, Supply, Execution, Support, Training, Operation and Maintenance to our customers. TSTS brings together the entire gamut of products that assure passenger safety and enables passenger comfort through world-class technologies in Signalling, Software and Hardware systems.

The senior executives of the company represent more than 150 years of combined Railway experience in India and the global market. Altogether, there are four components of the full-service infrastructure business, namely Signalling, Strategic & Transportation, Software and Manufacturing that can be combined in any permutation to provide an integrated capability to a client.

Achievements

- We Handle projects across five countries
- We are the first company to introduce Object Controller concept in south-East Asia.
- We have done 400+ signalling systems commissioned across the globe within 10 years.
- We have commissioned 100+ stations for Kyosan EI in India and its sub-continent.
- We have completed BIG (or) Marshalling yards like Arakkonam (330 routes), Kota(400 routes).
- Our Software Business unit got CMMI Level-3 certifications.
- TSTS got ISO 9001:2015 certifications.

Why TSTS

TSTS strives to provide an excellent work environment for each of its employees, which is coupled with better lifestyle to employees and learning & growth opportunities, to ensure each employee is provided with the right opportunities and options for career growth. At TSTS we seek to cater to the diverse needs of our employees through learning, training and benefits. In order to facilitate employees to pursue higher education, TSTS sponsors interested and eligible candidates for further studies through distance learning/executive programs/Certifications from approved institutes. At TSTS, we endeavour to ensure benefits not only just for our employees, but also their dependents. Medical Insurance policy helps cover employees and their dependents to take care of their medical expenses.
